VST-MS - DISPLAY STAND WITH MOTORIZED HEIGHT ADJUSTMENT SUITABLE FOR MICROSOFT SURFACE HUB 2 85"

PRODUCT

The VST-MS mobile display mount was specially developed for the Microsoft Surface Hub 2 85" and offers an elegant and flexible solution for professional applications. With a modern design in which the columns run flush to the right and left of the display, the mount blends seamlessly into any environment. The white columns run flush to the right and left of the display for a clean, elegant appearance. The removable rear panel allows easy access to the internal technology and provides storage space for communication and collaboration equipment. The integrated shelf in the body is ideal for a mini PC or other accessories. The integrated cable management system ensures neat and tidy cable routing. The up and down switch integrated into the side of the housing ensures convenient and continuous adjustment of the display height.

The VST-MS is equipped with 4 castors, 2 of which are lockable, ensuring easy mobility and a secure stand.

Ideal for professional applications in conference rooms, training centers and other environments where large displays and interactive solutions are used for communication and collaboration. The VST-MS mobile display mount offers a versatile, elegant and functional solution that provides both stability and flexibility.

The display mount is supplied disassembled and boxed.
